*** European and International Rules:**

- **APEL/ APL: Accreditation of Prior Experiential Learning / Accreditation of Prior Learning.**
- **VAE: Since 2002, the VAE is a process that allows to grant any University degree in any field through Work/Life Experience.**

It is regulated and legalized by Art L 613 & following of the code of Education of the French Republic.

The Success of the European VAE Work Experience Degrees:

In 2002 the European Council created the VAE (Validation des Acquis de l'Experience) that mandated (article L 613-3) European Universities to grant partly or totally regular degrees based on work experience through a jury of University professors.

Many were doubtful of the reality or acceptance of the European VAE. Today's Universities, Institutes of Higher education, & Foreign governments accept the VAE and its equivalency as part of their own National degrees.

-

Ballsbridge Cyprus evaluates and awards academic credits for prior experiential learning based on guidelines recommended by the American Council on Education (ACE), New York Board of Regents Program on Non-collegiate Sponsored Instruction (PONSI), Council for Advancement of Experiential Learning (CAEL), Defence Activity for Non-Traditional Education (DANTE), American College Testing (ACT), Graduate Record Examination (GRE) and all recognized credit sources.

-

Based on the above the University's Evaluation and Admissions Council may grant higher degrees to suitably qualified applicants with relevant professional experience that conforms to the European "Bologna Declaration" adopted by the totality (Except Belarus) of European Countries.

APEL and VAE based degrees are awarded to individuals of merit who have a distinguished record in their field of endeavour.

In a number of cases the applicant's work experience and credits attained elsewhere are sufficient to earn the required number of credits for the immediate award of a degree.

-

In other instances it may be necessary either to submit a dissertation of 10000 - 20000 words on a topic related to the applicant's area of expertise or to take a number of courses (3000 - 5000 words assignment) by Directed Coursework Study under the guidance of a university accredited supervisor.

-

-

NOTES:

- Procedures for the award of APEL Degrees can be obtained from the Dean and Registrar in Cyprus.

- *Considering Ballsbridge University Rules & Regulations related to Minimum Criteria to recommend the Award, Degrees and POST DOC Fellowship in all academic fields and authorization to recommend the Award of POST DOC Fellowship.*

QUALITY ASSURANCE AND ACCREDITATION:

Ballsbridge Cyprus was approved by the board of governors of Ballsbridge University to offer quality academic programmes worldwide. The Board of Quality Standards granted approval to offer these programmes: Diplomas, Higher Diplomas, Bachelor, PGCert, PGDiploma, Masters, Doctorates and PhD in all academic fields. The Board of Quality Standards is solely responsible for the quality assurance of the programmes and regularly review our curriculum every 3 years to ensure that it meets its educational standards and ISO 9001:2008 standards.

Ballsbridge University is a transnational accredited university. Ballsbridge University is accredited by both academic and professional bodies which provides the reassurance of a credible, academic, industry recognized qualifications. **Students who successfully complete their degrees will receive together a Statement of Comparability.** The information provided in the Statement of Comparability is designed so that employers or admitting institutions can use it in conjunction with your original qualification documents to assist them in checking overseas awards against their academic requirements. Ballsbridge University quality assurance department has a reciprocal recognition with Chartered Quality Institute (CQI) incorporated by royal charter in UK and listed by the United Kingdom government department of skills and innovation. Our members may join CQI membership which demonstrates a strong commitment to quality assurance. The university observes the CQI code of quality practice.

Ballsbridge University is certified to ISO 9001:2008 (International Organisation for Standardization - Quality Management System standard) as well as BQS ISO 9001:2012 IAQM which the quality manual is regularly audited by BQS. BQS is a member of International Quality Assurance Agencies for Higher Education (INQAAHE).

Ballsbridge University was established based on United Nations Article 26 of human right to education (UN article 26). *Everyone has the right to education.* This article states that education should be equally accessible and should promote understanding, tolerance and friendship among all nations, racial and religious groups. Ballsbridge University believes that providing an internationally minded, blended enhanced education offers a unique opportunity to fulfill the aspirations of Article 26. The focus of Ballsbridge University is to change billions of lives by providing great education which is accessible and affordable, to everyone and to re-skill the world and make continuous learning a part of life cycle with personalized education content accessible to people around the world. Education is a catalyst for socioeconomic development, industrial growth and instrument for empowering the poor, the weak and voiceless. Education enhances group solidarity. With an objective of socioeconomic development, the Ballsbridge University initiated a movement in 1958 to educate the ethnic minority around the world.

Today, Ballsbridge University is leading open international academic centre. Ballsbridge University is a self-governed community of scholars. The University comprises of affiliated Colleges and Departments, Faculties, Schools and Professional Institutions.
